

BIO OF RICHARD HILL

My name is Richard Hill and I am running for board of Directors position. I have currently been in the board seat for 3 months and will have been seated for 6 months by the time the election comes!

I am very fiscally conservative but still have the best interest of the community in mind. I will not spend the members money on things the members feel are not necessary. I have 15 years is road maintenance experience and have currently been working for a local city in the road maintenance department for 10 years.

I care deeply for the kids activities in the community, and am willing to donate as much as time as I possibly can to make sure these activities stay around! I will listen to the members concerns on all issues involving the community!
